

1. Background

This integrated eligibility policy communicates guidelines and documentation requirements for Workforce Innovation and Opportunity Act (WIOA) Title I Youth, Adult, and Dislocated Worker programs and WIOA Title III Employment Service programs (Wagner-Peyser). This policy includes an eligibility and documentation handbook that details specific guidance and requirements for various programs operated within the Spokane WorkSource System.

2. Definitions

For a complete list of definitions, refer to [Attachment A – Services and Program Eligibility Handbook](#).

3. Policy

a. Service Provider Accountability

Service providers will only be held accountable to the laws, rules, and guidance in effect at the time decisions are made on eligibility, documentation, self-attestation, and local responsibilities.

b. Program Eligibility

This policy addresses eligibility requirements for WIOA Title I Adult, Dislocated Worker, and Youth and WIOA Title III Employment Services (Wagner-Peyser). This policy also contains supplemental guidance for Jobs for Veterans State Grant and Trade Adjustment Assistance programs. Program eligibility requirements are detailed in the attached handbook.

c. Self-attestation

It is the policy of the Spokane Workforce Council (SWC) for service providers to utilize self-attestation as the primary method of documentation for all WIOA programs where allowed by federal guidance or state law ([Employment Security Department \(ESD\) Policy 1023 R1](#) and [SWC Policy WS815 R2](#)). The acceptable uses of self-attestation are outlined in the attached handbook.

The SWC has identified local documentation requirements in addition to what is required by state and federal guidance for unemployment compensation eligibility, for determining “unlikely to return to a previous industry or occupation,” and for eligibility verification. Specific documentation requirements are provided in the attached eligibility handbook.

e. **Local responsibilities**

Service providers are responsible for establishing local policies and procedures that align with this policy and the attached handbook. Service providers must also address the following components at the local level:

- i. **Record keeping system:** Service providers must utilize Washington State's MIS as the local record keeping system used to access and manage records of WIOA Title I and Title III eligibility determinations, service delivery, and documentation, including applicants who are determined not eligible for WIOA Title I services. This system can be electronic, paper-based, or a combination of both. The SWC encourages service providers to utilize electronic record keeping systems wherever possible; and
- ii. **Supplemental documentation requirements:** Service providers who require supplemental documentation beyond what is required for eligibility criteria in the attached handbook must identify these requirements in their policies.

4. **Action Required**

Service providers are required to implement and comply with the requirements contained within this policy and its attachment within 90 days of publication. Together, the policy and attachment represent the minimum federal, state, and local requirements.

Providers of WIOA Title I and Title III services, Jobs for Veterans State Grant programs, and Trade Adjustment Assistance programs, must distribute this policy and its attachment broadly throughout the system to ensure WorkSource System staff are familiar with its content and requirements.
